ABOUT ME

I am Atharsh S, a dedicated third year B.E. Computer Science and Engineering student at R.M.D. Engineering College with a strong academic foundation and a passion for technology. I have completed Business Studies at the University of Cambridge, which has strengthened my management and strategic thinking skills alongside my technical expertise. As a CICSE alumnus, I bring discipline, adaptability, and a willingness to learn. My interests include software development, problem-solving, and innovation, and I am eager to apply my skills to academic projects, internships, and collaborative opportunities to grow both technically and professionally.

EDUCATION

Anna University
Bachelor of Engineering in Computer Science
RMD Engineering College Autonomous , Second year

EXCEL CENTRAL SCHOOL
Council for the Indian School Certificate Examinations (CISCE)
ISC Mathematical Biology

PROJECTS

Slot Booking System
Developed a web-based slot booking application that allows users to schedule and manage appointments efficiently.Implemented user-friendly interfaces and booking management features to streamline the reservation process. Technologies Used: HTML, CSS, JavaScript, MySQL.

Hairstyle Preview Website
Designed and developed a website that enables users to preview different hairstyles before making a styling decision. Focused on creating an interactive and responsive user experience with an intuitive interface. Technologies Used: HTML, CSS JavaScript.

Broker Hub
Developed a web-based marketplace connecting customers with sellers, featuring product listings, search, real-time communication, order management, and Razorpay payment integration. Built using React, Vite, and Supabase under Mystrio Technologies.
